

ARROW- SMITHING WORKSHOP

Arrow-Smithing

with
Master Bowyer and
Woodsmen
Joseph Frye

For workshop dates please check
our website,
www.boldarcherydesign.com

To schedule a workshop for
yourself or your group please
contact us at 845*482*2173
to make an appointment.

Archery begins with the arrow.

There are three basic parts to
the arrow; the arrowhead, the
shaft and the fletches (feathers).
Come let us show you how to
make these parts into a whole
by crafting your own arrow. We
will supply you with all the parts
and show you how to put them
together to create a fully
functional arrow which you can
display, gift, recreate, use in
ceremonies or take with you on
your archery adventures in the
woods.

While you work we will fill your
mind with the history and
details of the parts and tools
you are using.

This two hour workshop is for
anyone over the age of 13 with
good dexterity. An excellent
follow up to our Knapping
Workshop.

2-8 People per class \$45 per
person This workshop can be
taught indoors, weather
permitting will be taught
outdoors.

"Any stick can make a bow but arrows take real skill." -Unknown Native American Archer
